

A MESSAGE TO THE LADIES OF ANDERSON AND VICINITY.

This announcement is for the distinct purpose of calling your attention to the indisputable fact that it is no longer necessary for you to send your money to New York, Philadelphia or Chicago in exchange for WEARING APPAREL, HOUSE FURNISHINGS, JEWELRY, GROCERIES, SHOES, MILLINERY, DRY GOODS, ETC.

It has become a habit with some people to feel that there are certain things they must order through the catalogues which are sent broadcast over the country from the above mentioned cities. There is not a town or community in this state but what is in close proximity to some larger one which has stores that are amply equipped to satisfy needs of its citizens, thereby shutting off this steady stream of money northward—and keeping it in its own section.

GREENVILLE OCCUPIES THAT POSITION IN UPPER CAROLINA.

Her stores are thoroughly equipped in every respect to satisfy your needs in any particular. By offering to rebate your railway fare, they make it possible for you to select your goods personally with absolutely no expense.

Note The Following Offer:

For cash purchases amounting to \$25.00 the railway fare both ways will be refunded up to 40 miles; for purchases of \$25 or more one fare will be refunded from 40 to 60 miles; for purchases of \$50 or more the fare both ways will be refunded up to 60 miles.

THE ABOVE AGREEMENT HAS BEEN ENTERED INTO BY THE FOLLOWING WELL KNOWN GREENVILLE FIRMS:

HOW TO GET YOUR RAILWAY FARE REFUNDED:

Secure from any of the above firms a CHAMBER of COMMERCE rebate book. Have purchases entered in the book and as soon as they total the desired amount, surrender the book to the firm from which you make the last purchase. They will refund your railway fare.

Remember the excellent railroad service Greenville has. Note especially that thirteen trains daily leave Anderson for Greenville and thirteen trains return from Greenville.

FERTILIZE YOUR CROP

In fertilizing your cotton and corn, care should be taken to apply at least 600 pounds of high grade fish, blood and bone fertilizer to the acre for the best and most lasting results. Where less than 600 pounds of fertilizer is used to the acre, it acts as a stimulant only, and the crop takes more plant food from the soil than it furnishes, and your soil runs down, but where you use 600 pounds or more of fine fertilizer to the acre, you furnish the soil with more plant food than the crop takes from it and your soil improves. And besides, the more fertilizer you use, the faster your crop grows and the quicker your land is shaded and you know that is an advantage. And then with heavy fertilization you have larger stalks, more limbs and leaves and bolls. This gives you more vegetable matter for the soil this vegetable matter furnishes humus for the soil and soil without humus is like leather without oil, its usefulness is greatly impaired. And then heavy fertilization makes more bolls and this makes more bales, and there is where you make your money in farming.

The difference in cost of fertilizing an acre with 400 pounds and 600 pounds of fertilizer is around \$3 an acre, the difference in the crop will be at least 100 pounds of lint cotton and at present prices that is a little the rise of \$13.00. That is how it pays. There is no doubt of its paying and 600 pounds to the acre will pay better than 400 pounds or 300 pounds. Unless the ground is in an unusually high state of cultivation we doubt if it will pay to use more than 600 pounds to the acre for cotton or corn. If your lands are red our 8-3-3 or our 9-3-3 or our 10-3-3 is about what you need.

If your lands are gray use our 5-4-4 or our 10-4-4. If you are a little late in planting, use our 10-3-3 or our 10-4-4. It is the percentage of phosphoric acid will hasten the growth and maturity of your cotton. If you don't care to use 600 pounds to the acre on all your crop, try it on half and see where you make your money.

We are getting out a fish, blood and bone goods that has no equal and farmers using it this year will have an advantage in crop making that people who are deprived of it will not understand. We hope you have noticed the analysis of our goods this year, issued by Clemson College. Not a single sample has fallen down, the analysis of every one of them stands up like a little tin soldier. Where the price is the same, get the best.

MORNING WORK OF PRESBYTERY

Committees Appointed, Reports Read and Other Important Matter Given Attention

The Tuesday morning session of the Piedmont Presbytery was opened with devotional exercises conducted by Rev. W. H. Mills of Clemson College. The meeting was called to order by Rev. D. Witherspoon Dodge, the newly-elected moderator, and the minutes of the preceding session were read by the secretary and the morning's business was taken up.

Clemson College.
The first business was the reading of reports from schools and colleges supported by the Presbyterian church. The report from Clemson College, Greenville, was satisfactory, but regret was expressed because of the fact that only about \$11,500 had been received as an endowment by the college so far when the amount should really be \$25,000 by this time. The amount of endowment was placed at \$20,000 and half of the time allotted for securing it has elapsed. The report stated that a suitable building site had not yet been procured. Two sites were under consideration, but no satisfactory terms could be made.

Thorwell Orphanage.
The second report was from the stated that no deaths had occurred during the year and that the orphanage was in excellent shape. A new building has recently been opened in connection with the orphanage and is now occupied by twenty boys and their matron.

The report from Davidson was also satisfactory in a financial way, but like Clemson, Davidson has not yet received all of the endowment fund.

From the Presbyterian College at Clinton came an appeal for cash. The report stated that Clinton was behind, and that there would be a deficit of some \$2,000 at the end of this term. They asked aid from the Presbytery. This caused a long discussion and was finally decided by a vote as to whether or not a special collection for the purpose of raising the necessary money should be taken. The vote was 14 to 13 in favor of taking the collection.

After the reports were read Mr. A. R. Craig, who lives at Sandy Springs, and who is now at Davidson College, was received as a candidate for the Presbytery ministry.

The following committees were appointed:
Bills and overtures—W. H. Frazer and S. D. Stuart.
Judicial business—J. G. Law and T. C. Hoag.
Calls and installation—C. R. Harbin and J. B. Wallace.
Printed minutes—G. D. Waller.
Leaves of absence—J. E. Wallace and J. E. Bailey.
Session records—D. F. Jenkin.
Ruling elders—R. W. Hammond, J. W. Shuler, etc.

Narrative to general assembly—W. H. Frazer and G. M. Gray.
Finance—C. D. Nash and J. M. At 11 o'clock the regular session of Wednesday evening, the minutes of the last session were read by the moderator, Mr. Wallace took for his text the immutability of Jesus Christ and preached a very forcible sermon. The Pittsboro school boys were allowed to hear this sermon, and there were a large number of others present.

After the session the members of the Presbytery reviewed the students of the Bible school. The drill, which was given, was very good. The company was in command of Prof. Parke and Capt. Sloan, and the drill was enjoyed by all.

PATIENCE EXHAUSTED
Senator Shively of Foreign Relations Committee Says It Is No Blot.
Washington, April 15.—It is significant for anyone to think, said Senator Shively, after conferring with the president, "that the United States, in this move toward Mexico, is blushing. The time for tempering has ended. The patience of this government is exhausted. We are not to be led back for peace at a sacrifice of the dignity of this nation."

The Fleet

Washington, April 14.—Rear Admiral Badger's force at Tampico, not including vessels held in readiness, but not actually ordered to the scene, will comprise eleven great battleships with many cruisers and auxiliaries, carrying in all about 15,000 men. A statement issued today by the navy department said:
"The complements of the seven battleships of the Atlantic fleet which will proceed to Tampico will total about 2,500 marines available at Tampico as a landing force, fully equipped for field service. There will be eleven battleships in Mexican waters with a total complement of nearly ten thousand men."
Arkansas, flagship of Rear Admiral Badger; Florida, flagship of Rear Admiral Fletcher; Utah, Connecticut, flagship of Rear Admiral Mayo; Louisiana, flagship of Rear Admiral Bouché; New Hampshire, Michigan, Vermont, Minnesota, New Jersey, South Carolina.
Also Chester, Dolphin, San Francisco, Des Moines, Prairie and Hancock with a total landing force of 2,500 marines.
The Tacoma, now at Boston, has been ordered to Tampico via New York to convey a draft of men to the Mexican waters.
The gunboat Nashville, now at Manila, San Domingo, has been ordered to Guantanamo and then to proceed to Tampico. In addition the battleships Rhode Island, Nebraska, Virginia and Georgia are available, if needed, but as these vessels are docked, it has not been decided whether they will join Admiral Badger. Also the battleships Wyoming, Texas, North Dakota, Delaware and Kansas are now available, if needed.
The Hancock will leave New Orleans Monday morning with the First Regiment of the expeditionary force of marines, fully equipped for field service. The Hancock will carry also a three inch battery and equipment.
The torpedo flotilla, Atlantic fleet, at Pensacola, with the flagship Birmingham and tender Dixie, have been directed to hold themselves in readiness for service in the Mexican waters.
The order for the mobilization of the fleet, including all auxiliaries and the marine regiment at New Orleans, was issued in six minutes after the order was given by the Secretary of Navy.
The hospital ship Solace is enroute to Tampico from New Orleans fully equipped with the most modern hospital equipment.
The supply ship Celtic is loading at New York with a cargo of refrigerated meats and supplies, sailing on the afternoon of the 15th.
The cargo vessel Valera and Jason are enroute with full cargoes of coal.
The colliers Orion and Neurus are ready to proceed to Tampico.

HAS NO MORE FAITH IN DIVINE HEALING

SUBJECT OF MRS. ETTOR NO LONGER BELIEVES AN ANDERSON MAN

Notwithstanding Supposed Cure At Westminster, Charles Bowls Lost Faith

From Westminster comes the remarkable tale that a citizen of that place had his sight restored to him by taking the "faith cure" administered at the Old Baptist Tabernacle in Atlanta by Mrs. Westminister Ettore, who claims that by the "laying on of hands" she can cure all ills. Following the receipt of this information yesterday a reporter for The Intelligencer visited Charles Bowls, an Anderson man who recently took the "divine healing" in an effort to find if Mr. Bowls had been benefited. Mr. Bowls, who is suffering with tuberculosis and when he was seen yesterday he told the reporter that he had lost his faith in Mrs. Ettore and he could not see that he had improved in any way. He believes if God had intended for Mrs. Ettore to help him that this cure would have been effected at once and he says that no farther has been received. He is critically ill.

About a fortnight ago Bowls went to Atlanta and appeared in the laboratory. He was called to a chair on the rostrum by Mrs. Ettore and the entire assemblage, some several hundred men, women and children, all began to shout and pray for his recovery. Mrs. Ettore then asked him and "laid hands on him" until she announced that a cure had been effected. If such a cure was effected, it has not yet become manifest.

However, the story of the "divine healing" done by Mrs. Ettore on the Westminster man seems to be true, as the following account of the man's sight being restored is copied from the Tugalo Tribune, whose editor, Mr. A. L. Gossett is attending the sessions of Piedmont Presbytery:
"Mr. D. T. Cain, of Oakway, returned from Atlanta last Friday a happy man, having had his sight restored by the faith cure in a meeting conducted in the tabernacle Baptist church by Mrs. Ettore, of the Pentecostal Union, who is seventy years old."
"Mr. Cain had been totally blind for some six or eight months. He had consulted several prominent oculists, who are told, to no avail. He went to Atlanta, on Tuesday, April 7th, and returned three days later, with his sight as good as it was before he went blind."
"Mr. Cain has many friends who rejoice with him in his good fortune. He is loud in his praise of the good work being accomplished by the Divine power at the tabernacle meeting."
"Many other noted ministrations have been reported by him. He attended the Westminster church Sunday and gave an account of the restoration of his sight."
